MORGAN STANLEY

Assistant Vice President, Corporate & Institutional Solutions

New York, NY
2019 – 2020

Business Unit Strategy

Led a portfolio of projects to build and pilot a new business model targeted to the firm's ultra-high-net-worth and family office client segment, resulting in ~\$15B of new assets under management (AUM)

- Designed and launched a "white-glove" concierge service model to meet the complex needs (e.g., onboarding, analytics, reporting) of the firm's largest wealth management clients
- Aligned leadership on the need for expanded trading products and capabilities; advised on strategic decisioning to build solutions "in-house" vs. via a third-party partnership
- Led efforts to pursue a strategic partnership with a leading global custodian bank; outlined partnership business requirements and oversaw the RFP / vendor selection process
- Conducted field interviews with the firm's top Financial Advisors to understand client pain points and prioritize firm resources towards key strategic opportunities and other critical matters
- Served as a relationship manager to an early-stage startup and technology partner, providing recommendations on app development and advising on business, risk, and regulatory considerations

DOMINIC MANGONON

Target Operating Model

Identified ~\$14M in run rate savings for an international subsidiary of a leading insurance broker as part of a global cost and organizational restructuring effort

- Worked closely alongside the CFO and other senior leadership to construct a business case which modeled cost savings & investment required to centralize operations in both near and offshore sites
- Led multiple branch workshops to understand business process pain points and identify both “quick win” and technology-enabled solutions to optimize operations and increase savings

Market Segmentation

Created a customer segmentation and migration strategy for a large wealth management client, increasing advisor capacity & productivity by ~5% and reducing fiduciary risk by \$465M

- Led working sessions with leadership to align on strategic objectives and define key guiding principles
- Designed processes, reporting and tools for financial advisors to review books-of-business, identify migration exceptions and maximize cross-sell opportunities to other areas within the bank
- Successfully executed the migration of 32,000 low-balance clients to self-directed service channels

Client Experience & Change Management

Designed an end-to-end experience across the client lifecycle for a large wealth management firm, working with leadership to create stakeholder personas, customer journey maps and use cases

- Accelerated strategic objectives through the creation of a learning & development curriculum and segmentation of the financial advisor population, enabling more-targeted coaching and training
- Designed an oversight structure to strengthen accountability and align incentives to goals and metrics

Growth Strategy

Evaluated organic and M&A related growth opportunities for a leading online brokerage

- Conducted research and analysis to size an opportunity to capture ~\$2T in AUM resulting from an industry shift of investible assets towards online and independent brokerage models
- Identified a preliminary list of potential acquisition targets to complement existing business capabilities and unlock additional growth, ultimately leading to the ~\$4B acquisition of a competitor

BNP PARIBAS CORPORATE & INSTITUTIONAL BANKING
